marmoleum® modular

Marmoleum Modular, create your floor!

This collection allows you to create contemporary individual spaces that express your taste and application. The planks and tiles of Marmoleum Modular are created around visuals of wood, concrete, stone, marble with additional accent colours. The designs are featured in a range of colour tones that can be used to mix and match or on their own, both delivering a beautiful floor. Discover the endless opportunities of Marmoleum Modular and visit our website for more inspiration.

FOR MARMOLEUM
STRIATO DESIGN

For Marmoleum
Slate design

MADE BY NATURE

- Created from natural raw materials largely harvested from annual crops
- Environmentally friendly and low carbon footprint
- Does not contain PVC, Phthalates and is low emitting

DESIGNED TO CREATE

- Natural and convincing look and feel
- Enhanced design freedom, choose to mix and match
- On trend color range and embossed textures for lively effects

RELIABLE IN USE

- Durable, dimensionally stable, easy to clean and maintain
- Easy to handle, less waste after installation, single tile can be replaced, no welding needed
- Light weight with an overall gauge of just 2.5mm

With our products we strive to create better indoor environments that make a contribution to your health. Marmoleum is made of renewable natural materials, it is PVC-free, does not contain any phthalates or other plasticizers, and is naturally bacteriostatic. Marmoleum carries the Allergy UK certificate as well as the acknowledgement of internationally recognized environmental labels such as the Blue Angel, The Nordic Swan and Nature Plus. In addition, using Marmoleum in your projects will award you with credits towards the international LEED certification for sustainable buildings.

Made by nature

Our natural design range presents Marmoleum flooring in tiles and planks made from natural, renewable raw materials. Modern design with outstanding functionality, which stands for a healthy indoor climate and a responsible use of the environment. A powerful trend flooring - even for high traffic areas.

What makes Marmoleum special is that it is created from raw materials obtained from their natural habitat right where they grow and renew, often in just 12 months' time. Flax are annual crops that can be harvested just like wheat or corn. Extracting rosin is a continuous process, while wood flour, a waste material from the timber industry, is derived from European production forests. Limestone is available in abundance.

This floor performs well from the minute it's installed, but it also becomes stronger over time, making it more and more durable. We finish Marmoleum with Topshield², which, together with its natural antibacterial properties means the floor is hygienic and needs less cleaning with less harmful chemicals.

Marmoleum Signature tiles

Marmoleum Signature adds a unique feature to our Marmoleum tiles by adding light engraving themes to the linoleum. There are 4 engraving designs and for each design we've created a number of exciting floor plans.

Read more on our website about the Signature designs RAW, CUBE, CIRCLE and TATTOO.

Marmoleum Click tiles

Fun to design, easy to install. Marmoleum Click consists of easy to install HDF panels with 2.5 mm Marmoleum on top and a sound absorbing cork backing.

The panels are available in 23 colors and 3 sizes which gives you endless design possibilities. This natural floor covering is not only tactile and comfortable, it is also anti-static, durable and easy to maintain.
